PRELIMINARY AMENDMENT A

Prior to the calculating the filing fee, kindly enter the following amendment.

IN THE ABSTRACT:

Substitute the following Abstract, for the current Abstract, a copy of which is attached to this Amendment:

--ABSTRACT

An improvement to a spread-spectrum receiver having a matched filter. A symbol sampler samples at the symbol time T_s , a symbol sample from the matched filter. A noise sampler samples at a plurality of chip times kT_c , but not at the symbol
